

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D. C. 20554

In the matter of)
Amendment of Section 73.202 (b),) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations) RM-_____
(San Joaquin, California))

PETITION FOR RULEMAKING

To the Chief, Allocations Branch:

1. Linda A. Davidson ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:
2. Petitioner proposes the Commission allot FM channel 299A to San Joaquin, California as its second commercial FM service. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
San Joaquin, CA	288B1	288B1, 299A

3. San Joaquin is an incorporated city located in central California. It is located in San Joaquin County. In 2000, the United States Census Bureau estimated San Joaquin had a population of 3270 persons.
4. FM channel 299A can be assigned to San Joaquin in full compliance with the Commission's minimum distance separation requirements. This is illustrated in the attached spacing study. Coordinates used are N 36:36:00, W 120:12:36 and are located approximately 2 Km W of San Joaquin. This site restriction is necessary to prevent short spacings with stations KMPH-FM, Hanford, CA and KZOL, North Fork, CA. Petitioner is confident she can find a suitable transmitter site for this allotment if it is assigned as proposed.
5. Petitioner, or an entity with which she is affiliated, intends to apply for a construction permit to activate channel 299A if it is assigned to San Joaquin as proposed. If her application is granted, she shall promptly construct and operate the proposed station.
6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

Linda A. Davidson
